The house of Widow Chadwell, wife of Evan, brother of Deputy Sheriff Dave Chadwell, the leader of the Griffin faction, was fired on from all sides. She escaped by throwing herself on the floor. All the cattle, hogs and dogs were killed, and a note was posted on her door giving her 24 hours to leave or be killed. It was by a body of horsemen when the Griffin say were Philpots.

The jail here, which has two Griffin in it, is heavily guarded by men with Winchester.

A rumor is also current here that a battle was fought Sunday in Clay county killing four men and wounding seven. The rumor locates the battle on Red Bird creek, 18 miles from Manchester. There has been several killings there of late and the battle may have been either between the Marks and Roberts or the Sizemores and Ashers, which four factions are at war with each other.

He adds that thousands of his countrymen will take the same attitude. Several important firms have already declined to exhibit at Paris.

CHICAGO, Sept. 12.—Editor Alfred said not go to Kentucky to make speeches against Senator William Goebel, the regular democratic candidate for governor. No deaths have occurred in the past 24 hours. Nine cases are being treated at the yellow fever hospital, and the remainder are in private families.

BOYCOTT THE EXPOSITION.

Congressman Grosvenor says No Nation Can Afford to Do It, as such Action Would Be an Insult to France.

WASHINGTON, Sept. 12.—Representative Grosvenor, of Ohio, who has just returned from Europe, spending part of the time in Paris, when asked by a newspaper representative if the Dreyfus verdict would hurt the Paris exposition, replied:

"Beyond a doubt. No nation can afford to boycott the exposition as a nation, because such action would be a direct insult to France; but individuals can express their opinions, and in my judgment, thousands who would otherwise have visited Paris will now remain on this side. This will touch the French people are looking forward to making a great deal of money out of the show. It is a good thing that the appropriation for the exposition has been made. Congress would hardly be in the mood now to appropriate money."

THE DEMAND FOR IRON.

Furnaces in the Tennessee and Alabama Districts Have Sent Their Fall Production Far Into Next Year.

CHATTANOOGA, Tenn., Sept. 12.—The iron industry of the south is very excited because of the unprecedented demands. Many of the furnaces in the Tennessee and Alabama districts are sold so far ahead that it is impossible for foundrymen and smaller consumers to obtain iron from them at any figure. Most of the furnaces have orders sufficient to consume their full production far into next year. In the States, a spot market in ham districts is selling as high as \$18 and \$18.50 per ton, and it is freely predicted that \$20 iron will be a reality within the next 30 days.

Va., Sept. 12.—Sheriff Henderson, of Logan county, and a posse of 15 Monday went to the Hatfield tract in the mountains, 30 miles from here, and without bloodshed captured "Devil Anse" Hatfield, his son Rob, and John Dingess, a relative of the Hatfields by marriage. The prisoners will be taken to Pike county and tried on charges of murder, growing out of the Hatfield-McCoy feud. "Cap" Hatfield, the only prominent member of the faction now at liberty is being hunted by a posse.

AUSTIN, Tex., Sept. 12.—If there is no hitch in the plans now on foot, a trunk line road will be built from Omaha through Texas to the Gulf of Mexico. Demonstrations in Favor of Dreyfus in Rome.

ROME, Sept. 12.—Col. Panizzardi, referring Monday to the verdict at Rennes, said: "I felt horror, but not surprise." The police interfered and a fight ensued in which many persons were hurt. Twenty arrests were made.

OTIS MAY REMAIN.

He May Be Permitted to Demonstrate What He Can Do With a Large Army.

GEN. MILES' FRIENDS CONFIDENT.

Drift of Feeling Seems to Have Turned in Favor of Otis Commanding in the Philippines.

Gen. Lawton and MacArthur Are Each to Be Given a Regt. to Command of Several Divisions—The Navy to Co-operate With Army.

WASHINGTON, Sept. 12.—The friends of Gen. Otis are becoming hopeful that they will succeed in having him retained in his present command. Last week they were deeply disappointed, and one, a high official of the war department, openly admitted that he believed "popular clamor" would result in his friend's recall and the assignment of Gen. Miles or Gen. Merritt to Manila.

The prediction is now being confidently made by Gen. Otis' admirers that he will be permitted to demonstrate what he can do with a large army before being censured for his failure to make much progress during the last campaign.

It is impossible, owing to the conflicting interests at work, to state positively how the contest for supremacy will terminate. Gen. Miles' friends are as confident as are those of Gen. Otis, but the drift of feeling now seems to have turned in favor of the latter. Plans have been adopted at the department, however, under which Gen. Lawton and Gen. MacArthur are each to be given a regimental command of several divisions, and

According to the same authority a strict censorship of cable dispatches has been established, and mail matter is freely censored and a close watch is kept upon outgoing passengers. President Andrade has purchased a Spanish gunboat, with an equipment of eight guns, for \$15,000.

Sixty-six prominent politicians, among them senior Hernandez, and the editor of El Pregonero, was arrested on August 14, and more than 500 have been taken into custody since.

A fierce battle was fought on August 29 near Higuaymague, when the insurgents captured 2,000 government troops and secured a large quantity of ammunition.

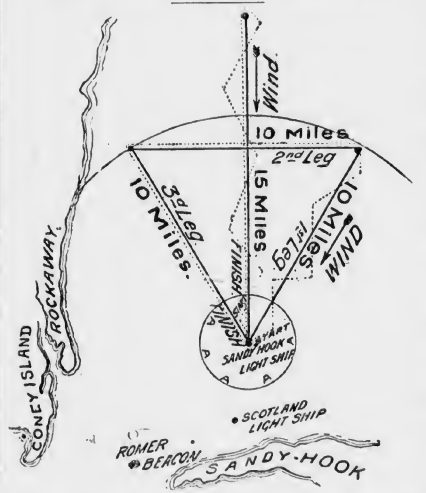

Senior Riquelme, minister of the interior, who resigned on September 6, was arrested the following day.

THE GREAT YACHT RACE.

Reverend Cutler Will Be Detailed to Enforce the Rules to Prevent Accidents or Interference With the Yachts.

WASHINGTON, Sept. 12.—Commodore J. Pierpont Morgan, of the New York yacht club, arrived in Washington Monday and had a conference with Secretary Gage and Capt. Shoemaker, chief of the revenue cutter service, on the subject of the coming race between the Columbia and the Shamrock. Under the act of May 19, 1906, the secretary of the treasury is authorized in his discretion to detail revenue cutters to enforce such rules and regulations as may be adopted to insure the safety of passengers on steamers or other craft taking part in

COURSES FOR THE COLUMBIA-SHAMROCK RACES.

According to the direction of the wind, the courses may be shifted to any point within the area of the race. The course marked A-A is one mile in each direction from the Sandy Hook lightship, within which the race will start, and from which all boats but the judges' will be excluded. The dotted lines indicate the course of the yachts.

they will begin operations just as soon as the rainy season is considered an end. The ex-vault will be under command of Gen. Lawton, while Gen. MacArthur's command will be composed principally of infantry. One command will operate to the north and the other will probably cover the south.

The president has directed that the navy co-operate with the army in the fall campaign, but it is expected its work will be generally confined to blockading. A few of the smaller gunboats will, however, be sent as far inland as the conditions will permit.

The marines, too, are to play an important part in the operations in the vicinity of Cavite. Within a short time nearly 700 marines will be on hand in the Philippines, and they will be assigned to duty in the southern part of the island of Luzon, which is the hotbed of the insurrection. Gen. MacArthur and Gen. Lawton will be responsible for the campaign in their territory.

Mr. Adam Farquhar to succeed Adam Sampson.

WASHINGTON, Sept. 12.—The navy department reached a final determination Monday to assign Mr. Adam Farquhar to command the North Atlantic squadron, to succeed Adam Sampson, and to place the latter in command of the Boston navy yard, to fill the vacancy caused by the recent death of Adam Peckham.

Transfer will take place on October 10.

regents, etc., either amateur or professional, that may be found on navigable waters within the jurisdiction of the United States. Mr. Morgan said his mission there was to impress upon Capt. Shoemaker the great importance of the occasion to yachtsmen everywhere, and the necessity for great care in preventing accidents and any possible interference with the yachts during the race.

Capt. Shoemaker assured Mr. Morgan that the supervisors of anchorage at New York had been instructed to confer with the race committee as to their wishes, and that everything possible would be done to secure the commanding officers of the cutters who would be detailed to look after the excursion and other craft following the race to prevent any crowding or other interference.

Compactly for Moos, Dreyfus.

HARTFORD, Sept. 12.—Resolutions of condolence and sympathy with Mme. Dreyfus were adopted Monday and carried to her by the Evangelical Alliance of Hartford. The resolutions, in the indignation of the Christian world at the outrage perpetrated in the name of justice on your husband, begs leave to assure you of our sympathy and of our prayers to the God of love and right for speedy vindication.

Operations Resumed.

PHILADELPHIA, Sept. 12.—Cramp's shipbuilding yards resumed operations Monday after having been closed from September 1. When work was stopped at the plant Charles H. Cramp announced that the action was taken in order to give the veterans attending the grand army encampment an opportunity of inspecting the yards.
